Education

2015 – **Ph.D. in Statistical Sciences**, *Bocconi University*, Milano.

I am currently a Ph.D. student. I have been awarded with a merit-based fellowship. My research interests includes:

- Applied Bayesian modeling
- Bayesian nonparametrics
- Computational statistics (Optimization, variational Inference, MCMC methods)

2013 – 2015 **M.S. in Statistical Sciences**, *Università degli studi di Padova*, Padova.

I have attended with full grades the Ph.D. courses: "Theory and Methods of Inference" and "Statistical Models". Thesis supervisor: prof. Bruno Scarpa.

Final mark: 110/110 with summa cum laude.

2010 – 2013 **B.S. in Statistics, Economics & Finance**, *Università degli studi di Padova*, Padova.

Thesis supervisor: prof. Nicola Sartori.

Final Mark: 110/110 with summa cum laude.

Academic

Publications

Durante, D. and **Rigon, T.** (2017). A note on quadratic approximations of logistic log-likelihoods. *arXiv:1711.06999*.

Durante, D., Canale, A. and **Rigon, T.** (2017). A nested expectation-maximization algorithm for latent class regression models. *arXiv:1705.03864*.

Rigon, T. and Durante, D. (2017). Tractable Bayesian density regression via logit stick-breaking priors. *arXiv:1701.02969*.

Rigon, T., Durante, D. and Torelli, N. (2016). Bayesian semiparametric modelling of contraceptive behavior in India via sequential logistic regressions. *arXiv:1405.7555*.

Teaching activities

2016 – **Teaching Assistant**, *Bocconi University*, Milano, Italy.

I helped in the teaching activity of the master courses "Data analysis" and "Statistics for Economic and Business", taught in Bocconi, proposing and solving exercises.

10 / 2014 **Academic Tutor**, *Università degli studi di Padova*, Padova, Italy.

09 / 2015 I helped new students to get started in my faculty. I managed study groups proposing and solving exercises, advising them about academic curricula and learning method.

Conference presentations

12 / 2017 **Poster session**, *International Workshop on Objective Bayes Methodology*, O'Bayes 2017, University of Texas, Austin.

- 06 / 2017 **Poster session**, *Bayesian Inference in Stochastic Processes*, BISP 10, Bocconi University, Milano.
- 02 / 2017 **Poster session**, *SIS Bayes 2017*, Sapienza University, Roma.
- 06 / 2016 **Poster session**, *International Society for Bayesian Analysis*, ISBA 2016, Cagliari.
Poster session, with the contribution: "A Bayesian nonparametric model for functional telecommunication data".
- 04 / 2016 **Invited Speaker**, *Mathematical and Statistical Methods for Actuarial Science and Finance*, Paris, Université Paris Dauphine.
Invited speaker, jointly with Giovanni Rabitti, with the contribution: "Non life insurance pricing through Bayesian Additive Regression Trees".

Affiliations and editorial activity

Affiliations International Society for Bayesian Analysis (ISBA), Società Italiana di Statistica (SIS), Elected member of the board (2016) of the young group of the Italian Statistical Society.

Referee for Bayesian Analysis, Statistical Methods & Applications.

Industry

- 09 / 2014 **Intern in Computational SEM**, *Groupon*, Dublin, Ireland.
- 11 / 2014 I worked in the development of projects concerning
- Search Engine Marketing (SEM)
 - Landing Page Optimization (LPO)
- I analyzed huge amounts of data and developed algorithms for statistical learning. I created a web-based user interface to improve the communication of the relevant results to the stakeholders.
- 10 / 2013 **Customer Satisfaction Analyst**, *Bravofly Rumbo Group*, Chiasso, Switzerland.
- 07 / 2014 Business analyst with a part-time contract. I improved existing reports implementing statistical analysis and A/B testing procedures.
- 05 / 2013 **Internship**, *Bravofly Rumbo Group*, Chiasso, Switzerland.
- 10 / 2013 During the internship, I followed two distinct projects:
- Customer satisfaction analysis
 - Attribution modeling for web analytics
- I produced monthly reports about customer satisfaction and I helped to interpret results. The whole process was automatized, exploiting the synergies between \LaTeX , MySQL and R. Moreover, I created and implemented an attribution model based on Markov chains.

Computer skills

General Software

Intermediate Microsoft Office (Excel, Word, Power Point, Access), Linux systems, MongoDB, Hadoop, Google Analytics, Google Adwords.

Advanced MySQL, \LaTeX .

Statistical Software and Programming Languages

Basic SPSS, Gretl, Lisrel.

Intermediate Python, Julia, Matlab, C++, SAS, Stata, Stan.

Advanced R.

Languages

Italian Mothertongue
English Level: C1

Outreach

- 06 / 2014 **Student representative**, *Università degli studi di Padova*, Padova, Italy.
Elected as student representative for the academic year 2014 – 2015
- 04 / 2014 **Exhibition in memory of Bernardo Colombo**, *Università degli studi di Padova*, Padova, Italy.
Collaboration in the realization of an exhibition in memory of Bernardo Colombo, available here <http://mostra-colombo.stat.unipd.it/>
- 1997 – 2013 **Member**, *AGESCI*, Venice, Italy.
Member of the scout association AGESCI, with whom I did various kinds of voluntary work.
