Teaching activities

Bocconi University	**Milan, Italy**
Teaching Assistant	*2016 – 2017*

I helped in the teaching activity of the master courses "*Data analysis*" and "*Statistics for Economic and Business*" proposing and solving exercises.

Università degli studi di Padova	**Padua, Italy**
Academic Tutor	*10 / 2014 – 09 / 2015*

I helped new students to get started in my faculty. I managed study groups proposing and solving exercises, advising them about academic curricula and learning method.

Affiliations and editorial activity

Affiliations: International Society for Bayesian Analysis (ISBA), Società Italiana di Statistica (SIS). Elected member of the board (2016) of the young group of the Italian Statistical Society.

Referee for: Bayesian Analysis, Computational Statistics & Data Analysis, Statistical Methods & Applications.

🏭 Industry experience

Groupon	**Dublin, Ireland**
Internship	*09 / 2014 – 11 / 2014*

I worked in the development of projects concerning Search Engine Marketing (SEM) and Landing Page Optimization (LPO). I analyzed large amounts of data and developed algorithms for statistical learning. I created a web-based user interface to improve the communication of the relevant results to the stakeholders.

Bravofly Rumbo Group	**Chiasso, Switzerland**
Customer Satisfaction Analyst	*10 / 2013 – 07 / 2014*

Business analyst with a part-time contract. I improved existing reports implementing statistical analysis and A-B testing procedures.

Bravofly Rumbo Group	**Chiasso, Switzerland**
Internship	*05 / 2013 – 10 / 2013*

During this internship, I have been engaged in two distinct projects concerning Customer satisfaction analysis and Attribution modeling for web analytics. I produced monthly reports about customer satisfaction and I helped to interpret results. The whole process was automatized, exploiting the synergies between LaTeX, MySQL and R. Additionally, I created and implemented in R an attribution model based on Markov chains.
